# Alumni/Development Release Bulletin

## September 2013

---

### In this bulletin...

<b>Alumni/Development and Events Management Enhancements .....</b>	<b>2</b>
--	----------

### **About Release 92\_5 Alumni/Development Features**

Release 92\_5 for Advantage Alumni/Development introduces several small enhancements, including new options for Dashboard widgets. Please review the topics in this bulletin for more details.

Please contact [Support@senior-systems.com](mailto:Support@senior-systems.com) if you have any questions about any of these new features.

## Alumni/Development and Events Management Enhancements

**Additional Options for Dashboard** - Additional options have been added to Dashboard for Alumni Development widgets: to include spousal soft credits and match credits, to use pledge balances, to use stock sale amount, and whether or not to subtract broker fees. These checkboxes can be toggled off and on, as needed. By default, none of the new options are checked.

Include Spouse Soft Credits	<input checked="" type="checkbox"/>
Include Spouse Match Credits	<input type="checkbox"/>
Use Balance For Pledges	<input checked="" type="checkbox"/>
Use Stock Sale Amount	<input type="checkbox"/>
Subtract Broker Fee	<input type="checkbox"/>

**Ratings Date Restriction Removed** - Previously, the system prevented users from entering multiple ratings for a Prospect on the same date. Now, the system allows you to add multiple rating records for a Prospect on the same date, as long as each rating is associated with a different Endeavor.
