## Admissions

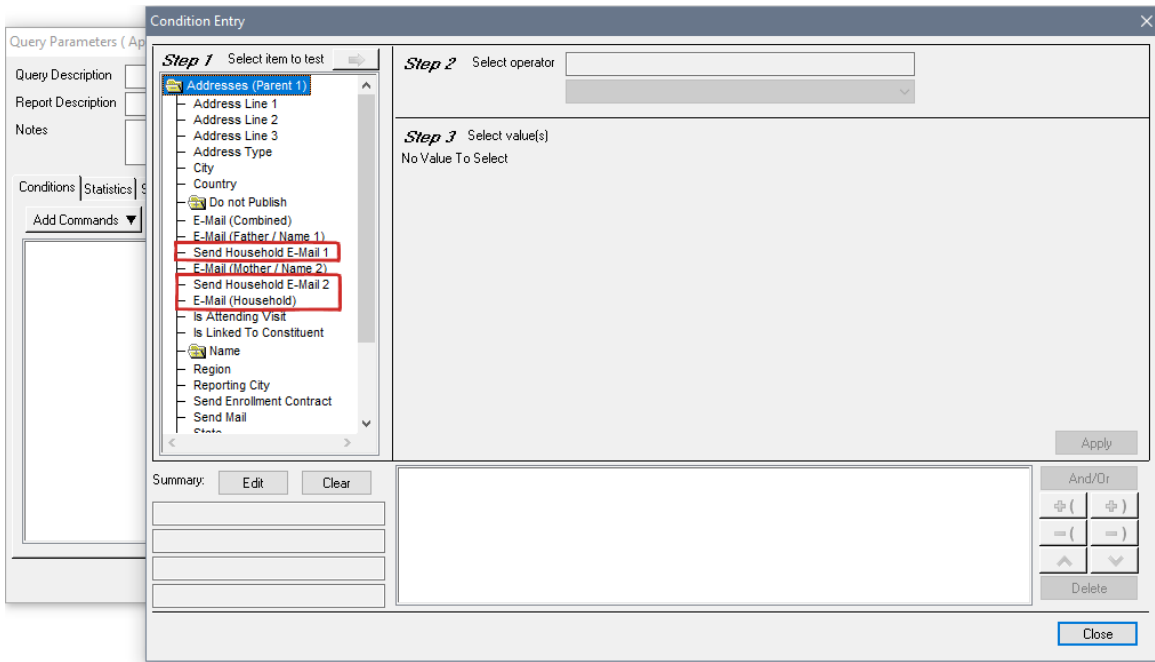

### Inquiry/Applicant Search

**Applicant E-mail, Send Household E-mail 1, Send Household E-mail 2, E-mail (Combined)** and **E-mail (Household)** have been added to the Inquiry/Applicant Search screen. See screenshot below.

### Household Email fields added to query system

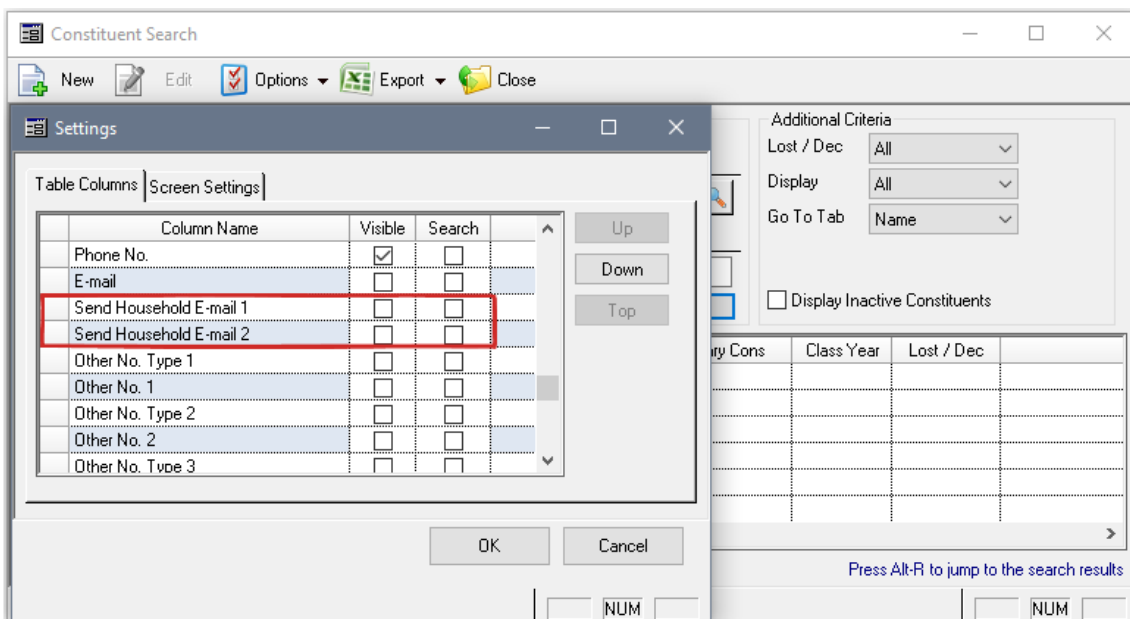

**Send Household E-Mail 1, Send Household E-Mail 2** and **E-Mail (Household)** fields have been added to the Address query nodes in Admissions. See screenshot below.

## Alumni Development

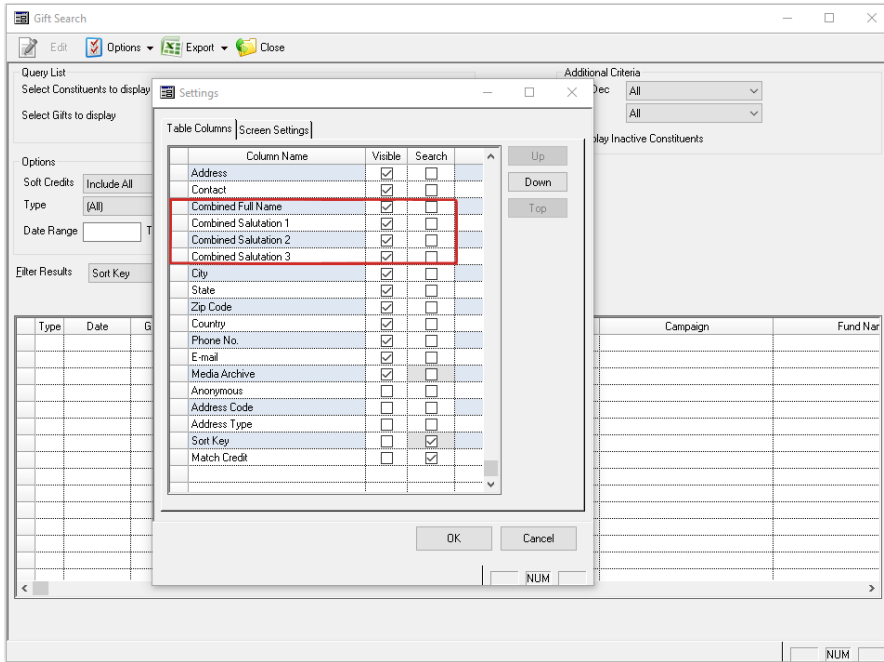

### Constituent Search

**Send Household E-mail 1** and **Send Household E-mail 2** have been added to the Constituent Search screen. See screenshot below.

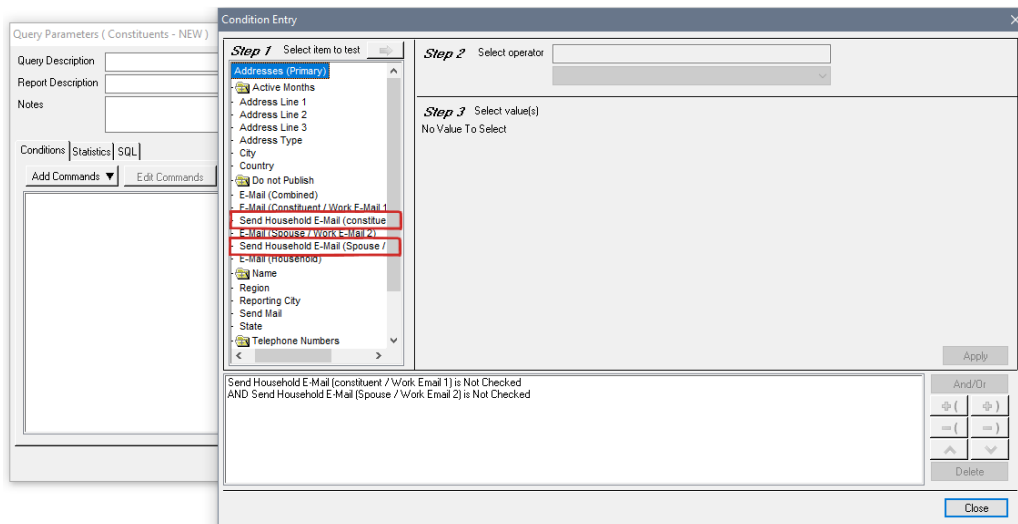

### Gift Search

**Combined Full Name, Combined Salutation 1, Combined Salutation 2 and Combined Salutation 3** have been added to the Gift Search screen. See screenshot below.

### Send Household E-Mail fields added to query system

**Send Household E-Mail (Constituent / Work Email 1)** and **Send Household E-Mail (Spouse / Work Email 2)** fields have been added to the Addresses (primary) query node in Alumni Development. See screenshot below.

### Fund Maintenance – General Ledger distribution for Stock Payments

**Fund Maintenance** in Alumni Development now has a new option for defining the General Ledger Accounts to update when posting Stock Payments (as opposed to Stock Gifts). When updating to 93\_6 the accounts defined on the **Gift (Stock)** tab will copy into the new fields on the **Payment (Stock)** tab. From there you can choose to define different G/L accounts for Stock Payments. Gift Entry, Posting and Transmittal have been updated to support this new option. See screenshot below.

The screenshot shows the 'Fund Maintenance' dialog box with the following fields and options:

- Number: 0003GAINS
- Goal: \$0
- Name: Operating - stock gains
- Type: General
- Campaign: Annual Giving
- Classification: (dropdown)
- Active Date: (start) To (end)
- Include In My BackPack:
- My BackPack Name: (text box)
- G/L Account Numbers section with tabs: Gift, Gift ( Stock ), Gift ( In Kind ), **Payment ( Stock )** (highlighted in red)
- Table of G/L Account Numbers:

	Account No.	Sub-Ledger ID
Receipt (D)	<input type="text"/>	<input type="text"/>
Gifts Rec'd (C)	<input type="text"/>	<input type="text"/>
Stock Sales (D)	<input type="text"/>	<input type="text"/>
Stock Sales (C)	<input type="text"/>	<input type="text"/>
Stock Fees (D)	<input type="text"/>	<input type="text"/>
Stock Gain/Loss (C)	<input type="text"/>	<input type="text"/>

At the bottom, there is a checkbox:  Default Gifts to this fund to be Included in Consecutive Years Given, and buttons for OK and Cancel.

## Enrollment Management

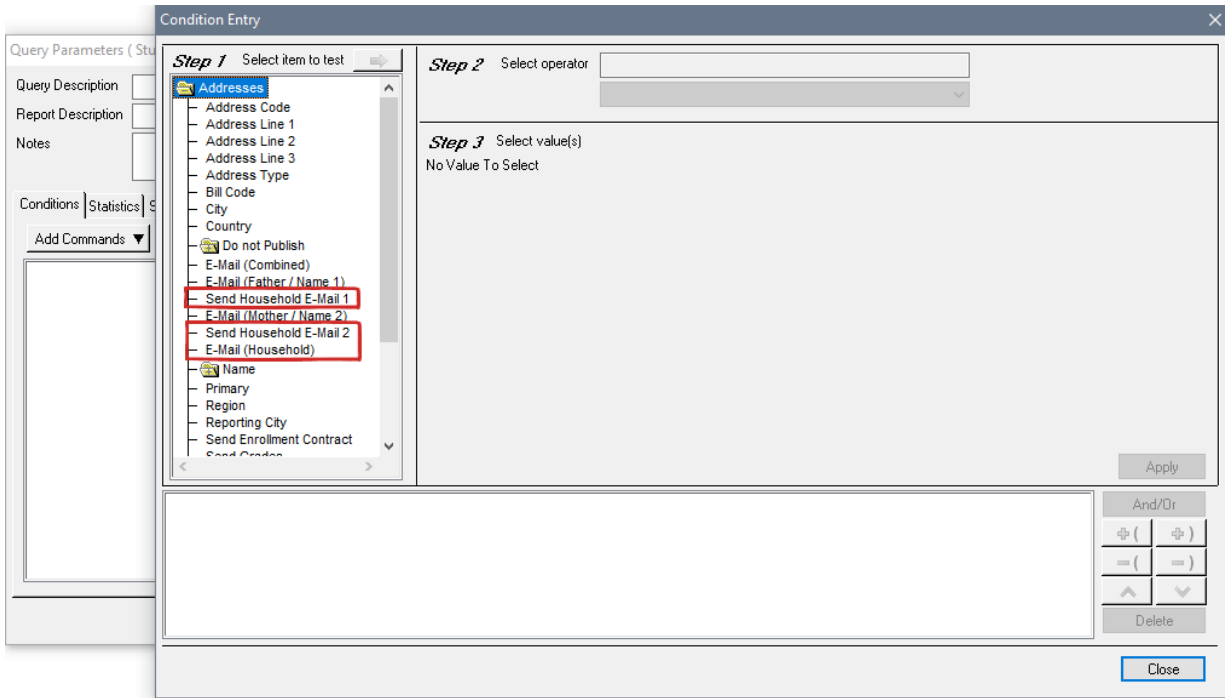

### Student Search

**Region, DNP E-mail, Send Household E-mail 1, DNP E-mail(2), Send Household E-mail 2, E-mail (Combined), E-mail (Household), Other No.1, Other No.2, Other No.3 and Other No.4** have been added to the Student Search screen. See screenshot below.

### Household E-Mail fields added to the query system

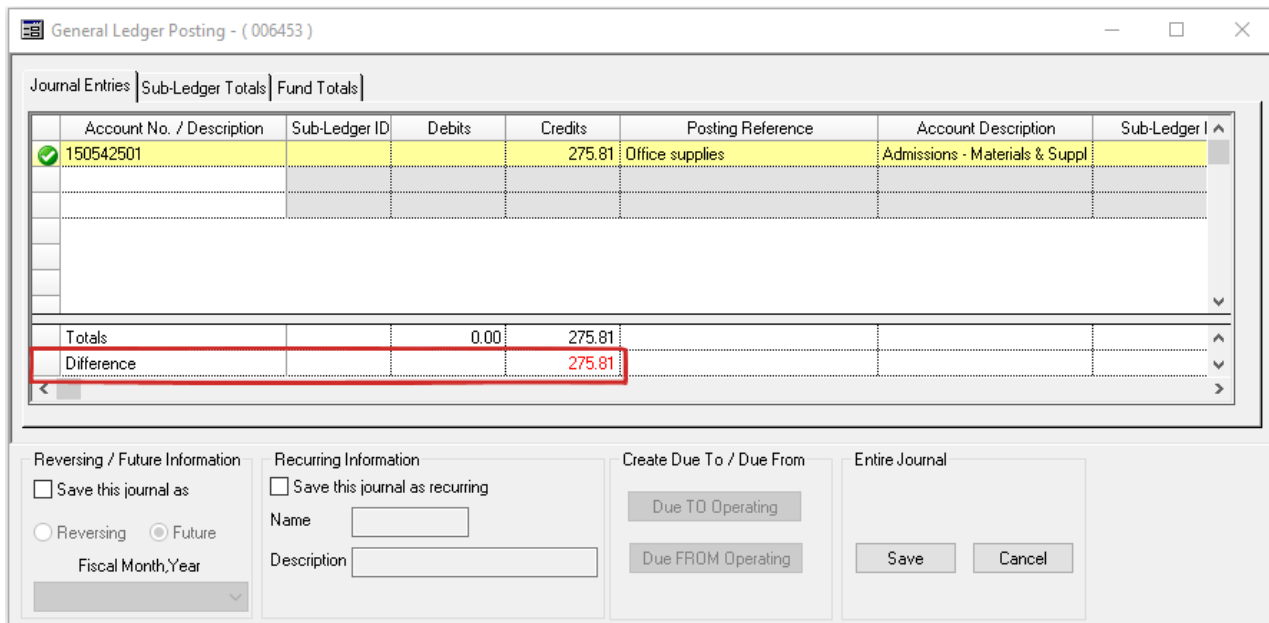

**Send Household E-Mail (Father / Name 1), Send Household E-Mail (Mother / Name 2) and E-Mail (Household)** fields have been added to the Addresses query node in Enrollment Management. See screenshot below.

## General Ledger

### Account Posting

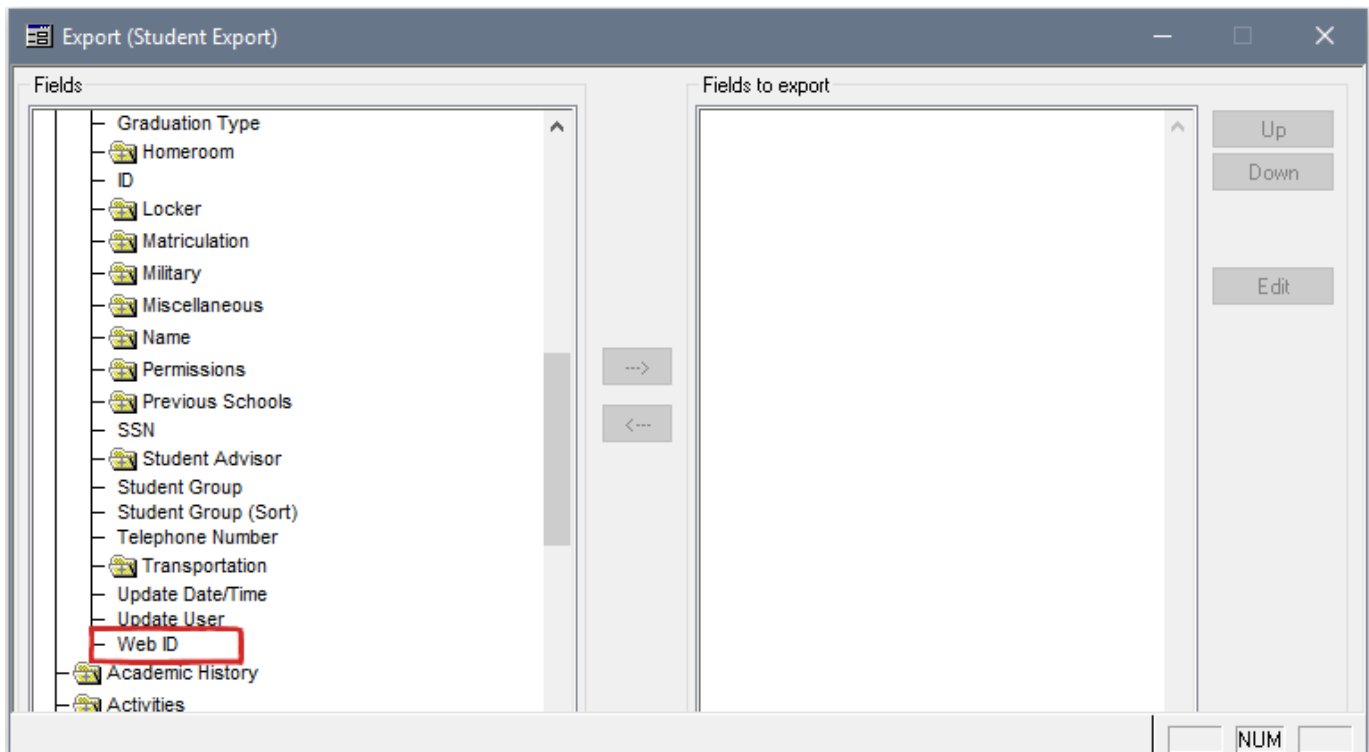

A **Difference** amount was added to the General Ledger Posting batch window to clearly show you how much the sum of credits is over or under the sum of debits. See screenshot below.

## Registrar

### Web ID was added to the Student Export

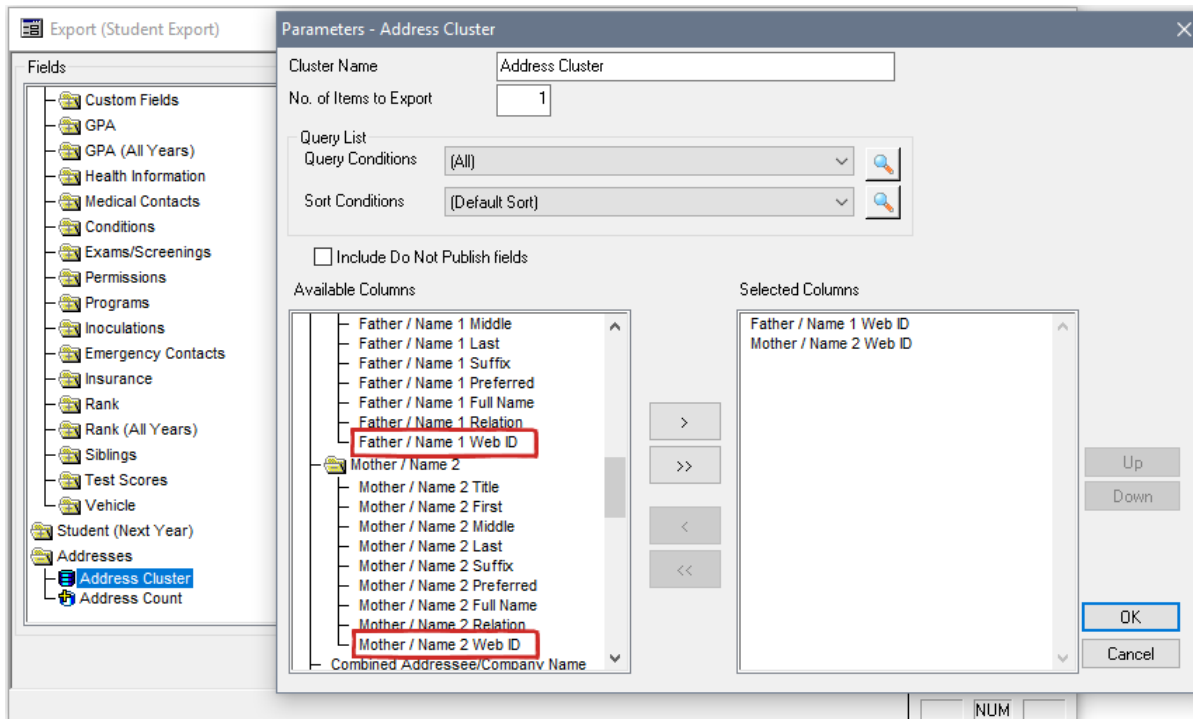

The Students' **Web ID** was added to the Student Biographical and Student Biographical (Next Year) folders within the Student Export in Registrar. See screenshot below.

### Parent Web IDs were added to the Addresses Export

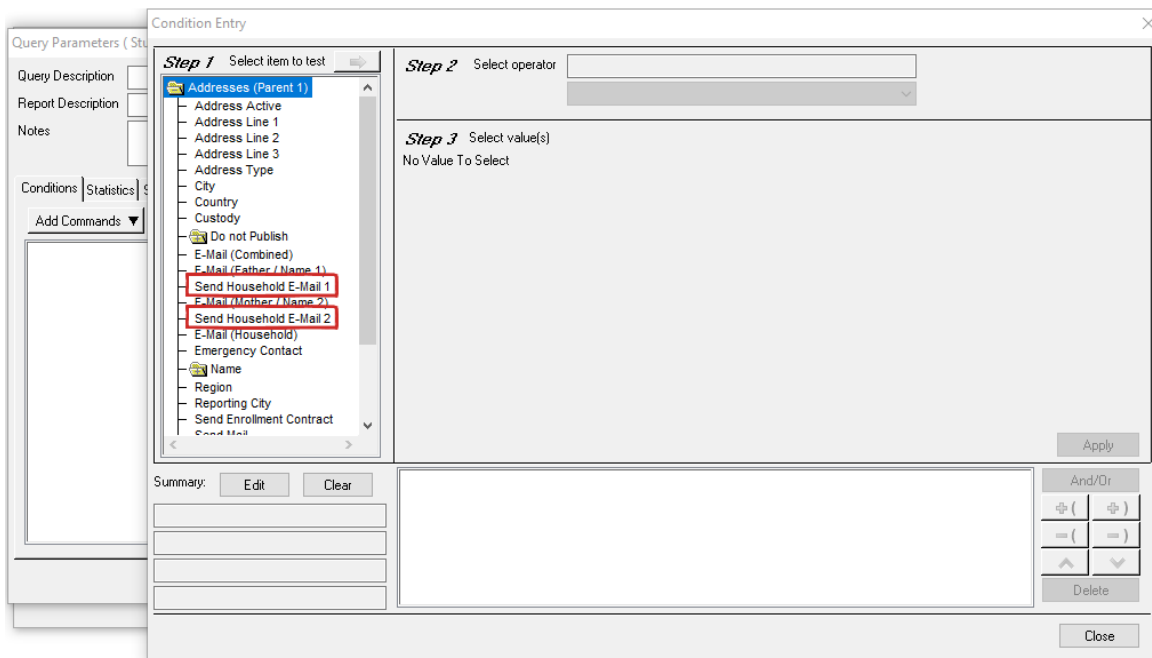

**Father / Name 1 Web ID** and **Mother / Name 2 Web ID** have been added to the Addresses node within the Student Export. Use the Query to define which addresses codes to view in your export (P1, P2 or Z). See screenshot below.

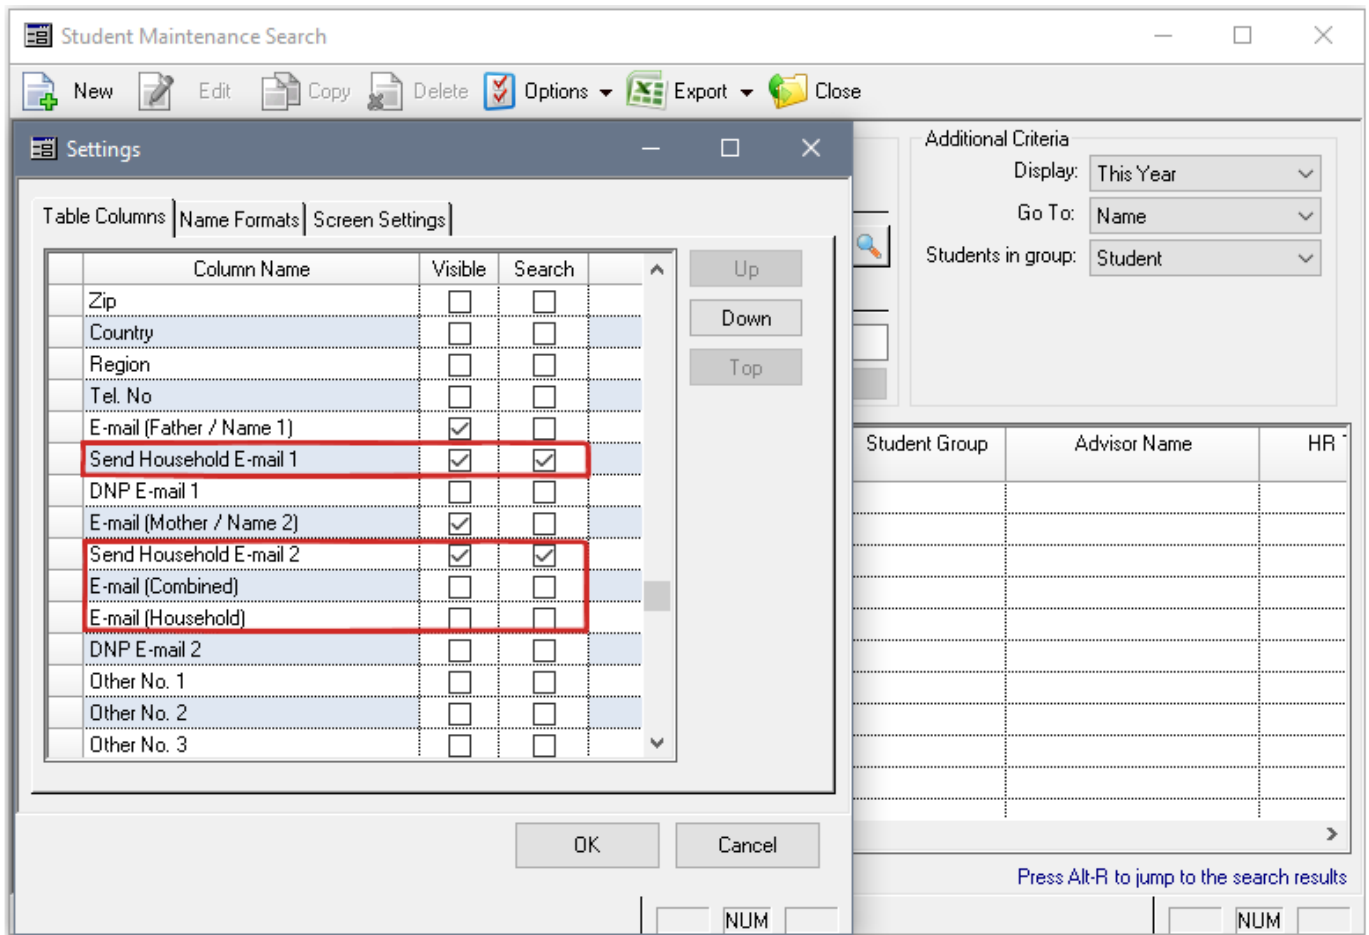

**Send Household E-mail fields added to query system and Student Search screen**

**Send Household E-mail 1** and **Send Household E-mail 2** have been added to the Address query nodes in Registrar. **Send Household E-mail 1**, **Send Household E-mail 2**, **E-mail (Combined)** and **E-mail (Household)** have been added to the Student Search screen. See screenshots below.
